

Guide | Envelope #10 - Front Only

This entire file represents the safe area only.

*** Please stay within the safe area when designing on the front of envelopes, so that items will not wrap onto the back of the envelope during the folding process.***

TIP: In the design tool, to get as close to the safe area line as possible,

hold down Ctrl + the

button.

USPS Recommends legible text in address areas, shown here as hatched blocks.

IMPORTANT: Delete this template layer before you save or it will appear on your final product!
