Guide | Envelope #10 - Full Bleed - Inside

These guide lines represent the print area.
This entire file represents the bleed area.

TIP: In the design tool, to get as close to the safe area line as possible,
hold down Ctrl + the  button.

IMPORTANT: Delete this template layer before you save or it will appear on your final product!

For best cutting results, fill the entire artboard. Flaps 2-5 will be folded over, so please ensure important text does not end up upside-down. Refer to the example on the right.

USPS Recommends legible text in address areas, shown here as hatched blocks.
